23. The equi	more efficient ordering systems  higher return on investment use of standardized store layouts, second-use locations, and buying refurbished oment are characteristics of  adaptation strategies  a cost-containment approach positioned retailing mass merchandising
24. Which	th retail institution is <u>not</u> included in the traditional definition of a supermarket?
	A) convenience store
	3) food-based superstore
	c) warehouse store
ı	b) box (limited-line) store
	mbination store combines into one facility.
	n) multiple leased departments
	3) a supermarket and a general merchandise retail operation
	c) a department store and a full-line discount house
ļ	a warehouse store and a specialty store
26. Whic	h retail institution purchases brand-name merchandise on an opportunistic basis?
A	a) warehouse store
	full-line discount store
	flea market
Ι	o) off-price chain
27. Direc	t marketing is forecast to grow based on
A	) greater product standardization and the prominence of well-known brands
	the growth of private label brands
	) direct marketing clutter
[	reduced postal rates and paper stock costs
28. Conv	entional vending machines are generally <u>not</u> considered as a form of direct marketing
since	•
F	n) most transactions involve beverages, food items, and cigarettes
	) consumers do not complete transactions via mail, phone, fax, or computer
	) the transaction is automated
Е	no credit or checks are involved as part of the transaction
29. Whic	h of the following is <u>not</u> an advantage of using the Web by retailers?
P	) A Web site generally costs less to develop and maintain than a store.
E	) The potential marketplace on the Web is large and dispersed.
	) Web sites do not have to be maintained after they are developed.
	People can visit Web sites at any time.
30. Whic	h of the following is an example of dual marketing?
	) single-channel retailing
	) multi-channel retailing
C	
	) electronic retailing

31.		andise <u>cannot</u> generally be examined by consumers in which retail formats?
	A)	vending machines and direct marketing
		direct selling and specialty stores
		membership clubs and flea markets
	D)	retail catalog showrooms and membership clubs
32.		anner in which individual consumers and families (households) live and spend time
		oney is their
	,	social-class structure
		reference group behavior
		life-style
	D)	demographic statistic
33	Which	is <u>not</u> a consumer demographic?
55.		population mobility
		social mobility
	-	education level
		place of residence
	,	•
34.	The far	nily life cycle shows
	A)	the extent to which groups influence a person's thoughts and actions
	B)	the ranking of people within a culture
		families which share a distinctive heritage
	D)	how a typical family evolves from bachelorhood to children to solitary retirement
35.		umer's decision process is comprised of two parts: and
35.	A)	purchase; postpurchase behavior
35.	A) B)	purchase; postpurchase behavior the process itself; the factors affecting the process
35.	A) B) C)	purchase; postpurchase behavior the process itself; the factors affecting the process need recognition; stimuli
