THIS QUESTION PAPER CONSISTS OF 2 PAGES (Including this front page)

QUESTION 1**[40 Marks]**

After first highlighting the key findings of this study (Lose and Tengeh, 2015), what is their relevance and applicability to Namibian incubators and general business development landscape? What solutions can the Namibia MSME Policy (2016-2021) offer?

QUESTION 2**[40 Marks]**

Based on Patwardan (2019), other resources and notes, discuss the factors that influence respective adapted business incubators models?:

QUESTION 3**[20 Marks]**

You are a consultant for an investor scouting for opportunities to offer a structured support programme for early-stage entrepreneurs. This client has access to funding platforms as well as other support services although majority are seeking highly scalable business concepts with minimal time commitment.

You have been hired to assist this investor to make a decision between either establishing a business incubator or a business accelerator. Provide your client with a clear distinction between the two forms of business development support and thereafter make a recommendation with motivation between **either** business incubation or business acceleration.
